

*Welcome to Trivet*

At Trivet celebrating the multicultural flavours of Aotearoa is an enormous part of our ethos through our food menu and it was just as important to convey this through our beverage offering too. We are so lucky in this country to have an incredible range of producers and we love showing them off.

Chef Wallace looks to blend the familiar with a hint of surprise and delight through his menu and this is what we also hope to show through our beverage offering. There should be something for those who know exactly what they want before they open our menu and something for those of you who are searching for something new or unique.

Whilst we strive to provide a little something for everyone, championing local growers, winemakers, producers and suppliers also sit's at the forefront of our vision. They are the real stars of the show and it's a pleasure to pour their creations for you.

Every great wine includes a great story, whether it's about the vintage, the grape, the process or the person who makes it. We love to tell these stories but we hope you will make your own stories while enjoying our food and wine.

I encourage you to take the time to read through our list, if you would like some guidance or recommendations please reach out to myself or one of the team and we will do our best to find the perfect wine for you.

Joe Costello
